Pursuit Scientific

Expert Sample Vial Solutions

Direct from Manufacturers to Scientists

PRODUCT CATALOG 2026

Pursuit Scientific

Premium Quality, Direct to Your Lab

At Pursuit Scientific, we bring decades of expertise in glass forming and surface treatments directly to scientists and laboratories. As the trusted manufacturing partner for sample vials used by leading scientific instrument companies worldwide, we now offer our premium products directly to you.
Our innovative direct partnership model ensures unmatched quality, faster innovation, and cost efficiency without compromise.

Our direct access approach means you get:

- ### Proven Technology
  Millions of our US sourced sample vials are used annually by industry leaders. Each vial, cap, and septa undergoes stringent quality control to ensure cleanliness and consistency for your HPLC, UHPLC, GC, GC/MS and LC/MS and sample storage applications.
- ### Deep Industry Knowledge
  Our team combines manufacturing expertise with extensive scientific instrumentation experience. We understand how our vials integrate into your analytical workflow, ensuring reliable results every time.
- ### Accelerated Innovation
  Our direct relationship model enables us to deliver cutting edge product innovations to pharma, biotech, and academic labs — faster. Without the bottlenecks of traditional manufacturers, we respond swiftly and precisely to your evolving research and production needs.
- ### Cost Efficiency
  By working directly with end users, we offer QC and research-grade sample vials at highly competitive prices — while maintaining the precision, consistency, and quality that your critical workflows demand.
